

OG&E Hosts Electric Vehicle Ride & Drive Event

August 7, 2021

OG&E's Electric Vehicle Ride & Drive Event will be held from 9 a.m. to 1 p.m. Aug. 7 at the OSU-OKC Precision Driving Training Facility.

OG&E is hosting an Electric Vehicle (EV) Ride & Drive event to educate the public about electric vehicle technology with a free test drive experience this weekend. Attendees will get the chance to check out OG&E's electric vehicles, learn more about the technology and get behind the wheel for a test drive from 9 a.m. to 1 p.m. Aug. 7 at the OSU-OKC Precision Driving Training Facility.

WHAT:

The event is free and open to the public. A valid driver's license and proof of insurance must be presented to drive.

COVID-19 safety precautions will be taken. Masks are required inside the facility and while riding or driving the vehicles.

Breakfast, lunch, and T-shirts will be available at the event while supplies last.

Oklahoma State University-Oklahoma City campus

WHERE: Precision Driving Training Facility

- 3501 W. Reno Ave. Oklahoma City, OK 73107

Saturday, August 7, 2021

WHEN: 9 a.m. to 1 p.m.

Media interviews and test drives are available from 12 to 1 p.m.

Media representatives can test drive or ride in electric vehicles, if interested.

VISUALS: Attendees test driving vehicles.

OG&E's static car show featuring various makes and models of electric vehicles including Porsche Taycan and Tesla.

WHY: OG&E is committed to environmental stewardship. It is increasing its fleet electrification to reduce its company vehicle emissions 60 percent by 2030. The utility is accomplishing this goal by replacing traditional vehicles with electric models to reduce carbon emissions, and it is replacing all light-duty vehicles (LDVs) with EVs by 2030. For more information about EVs, visit oge.com/ev. To learn more about this weekend's EV Ride & Drive event, visit oge.com/events.

About OG&E

Oklahoma Gas and Electric Company, a subsidiary of OGE Energy Corp. (NYSE: OGE), is Oklahoma's largest electric utility. For more than a century, we have provided customers in Oklahoma and western Arkansas the safe, reliable electricity needed to power their businesses and homes at rates below the national average. Our employees are committed to generating and delivering electricity, protecting the environment, and providing excellent service to our 858,000 customers. OG&E has 7,081 MW of electric generation capacity fueled by low-sulfur coal, natural gas, wind and solar. OG&E employees live, work and volunteer in the communities we serve. For more information about OG&E, visit our website at oge.com or follow us on Facebook at Facebook.com/ogepower, Instagram: [@ogepower](https://www.instagram.com/ogepower) and Twitter: [@OGandE](https://twitter.com/OGandE)
