Item 8.01. Other Events

OGE Energy Corp. (the "Company") is the parent company of Oklahoma Gas and Electric Company ("OG&E"), a regulated electric utility with approximately 865,000 customers in Oklahoma and western Arkansas. In addition, the Company holds a 25.5 percent limited partner interest and a 50 percent general partner interest in Enable Midstream Partners, LP.

As previously reported, on October 1, 2020, OG&E filed its third evaluation report under its Formula Rate Plan with the Arkansas Public Service Commission ("APSC"). On January 28, 2021, OG&E entered into a non-unanimous settlement agreement with the APSC General Staff and the Office of the Arkansas Attorney General. The only non-signatory to the settlement agreement has agreed not to oppose the settlement. The settlement agreement includes a revenue increase of \$6.7 million, which is the maximum amount statutorily allowed in this filing. Additionally, the settling parties will not object to OG&E's request for a finding that the Arkansas Series II grid modernization projects included in this filing are prudent in cost.

A hearing on the merits is scheduled for February 4, 2021, and all parties have requested a waiver of this hearing. A final order is requested from the APSC in March 2021, and new rates will become effective April 1, 2021.

The APSC settlement agreement (Docket No. 18-046-FR) is available on the APSC's website at www.apscservices.info. The information on the website of the APSC is not incorporated herein.
