**ARTICLE ONE.
RELATION TO INDENTURE; DEFINITIONS**

Section 1.01. This Supplemental Indenture constitutes an integral part of the Indenture.

Section 1.02. For all purposes of this Supplemental Indenture:

(a) Capitalized terms used herein without definition shall have the meanings specified in the Indenture;

(b) All references herein to Articles and Sections, unless otherwise specified, refer to the corresponding Articles and Sections of this Supplemental Indenture; and

(c) The terms “hereof,” “herein,” “hereby,” “hereto,” “hereunder” and “herewith” refer to this Supplemental Indenture.

**ARTICLE TWO.
3.30% SENIOR NOTES, SERIES DUE MARCH 15, 2030**

Section 2.01. There shall be a series of Notes designated the “3.30% Senior Notes, Series due March 15, 2030” (the “Senior Notes due 2030”). The Senior Notes due 2030 shall be limited to \$300,000,000 aggregate principal amount, except as provided in Section 2.08 hereof.

Section 2.02. Except as otherwise provided in Section 2.05 hereof, the principal amount of the Senior Notes due 2030 shall be payable on the stated maturity date of March 15, 2030.

Section 2.03. The Senior Notes due 2030 shall be dated their date of authentication as provided in the Indenture and shall bear interest from their date at the rate of 3.30% per annum, payable semi-annually in arrears on March 15 and September 15 of each year, commencing September 15, 2019. The Regular Record Dates with respect to such March 15 and September 15 interest payment dates shall be March 1 and September 1, respectively. Principal and interest shall be payable to the persons and in the manner provided in Sections 2.04 and 2.12 of the Indenture.

Section 2.04. The Senior Notes due 2030 shall be payable at the corporate trust office of the Trustee and at the offices of such paying agents as the Company may appoint by Company Order in the future.

Section 2.05. At any time prior to September 15, 2029, the Company, at its option, may redeem the Senior Notes due 2030, in whole or from time to time in part, upon notice as provided in the Indenture, at a “make-whole” redemption price equal to the greater of (i) 100% of the principal amount of the Senior Notes due 2030 being redeemed or (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the Senior Notes due 2030 being redeemed that would be due if the Senior Notes due 2030 matured on September 15, 2029 (not including any portion of such payments of interest accrued to the date fixed for redemption) discounted to the date fixed for redemption on a semi-annual basis (assuming a 360-

day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 20 basis points, plus, in each case, accrued and unpaid interest thereon to the date fixed for redemption. At any time on or after September 15, 2029, the Company, at its option, may redeem the Senior Notes due 2030, in whole or from time to time in part, upon notice as provided in the Indenture, at a redemption price equal to 100% of the principal amount of the Senior Notes due 2030 being redeemed, plus accrued and unpaid interest thereon to the date fixed for redemption.

“Treasury Rate” means, with respect to any date fixed for redemption (i) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded U.S. Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the Remaining Life (as defined below), yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (ii) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such date fixed for redemption. The Treasury Rate will be calculated on the third business day preceding the date fixed for redemption.

“Comparable Treasury Issue” means the U.S. Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term (“Remaining Life”) of the Senior Notes due 2030 (if the Senior Notes due 2030 matured on September 15, 2029) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the Remaining Life of the Senior Notes due 2030, assuming, for this purpose, the Senior Notes due 2030 matured on September 15, 2029.

“Comparable Treasury Price” means (1) the average of five Reference Treasury Dealer Quotations for such date fixed for redemption, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such quotations.

“Independent Investment Banker” means J.P. Morgan Securities LLC, MUFG Securities Americas Inc., and U.S. Bancorp Investments, Inc. or another independent investment banking institution of national standing appointed by the Company.

“Primary Treasury Dealer” means a primary U.S. government securities dealer in the United States.

“Reference Treasury Dealer” means each of (1) J.P. Morgan Securities LLC, or its respective successors; provided, however, that if J.P. Morgan Securities LLC ceases to be a Primary Treasury Dealer, the Company will substitute therefor another Primary Treasury Dealer; (2) a Primary Treasury Dealer selected by each of MUFG Securities Americas Inc. and U.S. Bancorp Investments, Inc.; and (3) any other Primary Treasury Dealer selected by the Company after consultation with the Independent Investment Banker.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any date fixed for redemption, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 5:00 p.m., New York City time, on the third business day preceding such date fixed for redemption.

The Senior Notes due 2030 shall not be subject to any sinking fund.

Section 2.06. The Senior Notes due 2030 shall be issued in fully registered form without coupons in a minimum denomination of \$2,000 and multiples of \$1,000 in excess thereof.

Section 2.07. The Release Date (as defined in the Indenture) occurred on April 6, 1998. Accordingly, the Senior Notes due 2030 shall be issued as unsecured general obligations of the Company. The Senior Notes due 2030, and all other Notes issued or to be issued under the Indenture, will not be secured by First Mortgage Bonds of the Company and will not be entitled to the lien of or the benefits provided by the First Mortgage, which has been extinguished.

Section 2.08. The Senior Notes due 2030 may be reopened and additional notes of the Senior Notes due 2030 may be issued in excess of the limitation set forth in Section 2.01 hereof, provided that such additional notes will contain the same terms (including the maturity date and interest payment terms) as the other Senior Notes due 2030, except for the issue date,

price to public and, if applicable, first date from which interest will accrue and the initial interest payment date. Any such additional Senior Notes due 2030, together with the other Senior Notes due 2030, shall constitute a single series for purposes of the Indenture.

Section 2.09. The Senior Notes due 2030 shall initially be in the form attached as Exhibit A hereto.

Each Note of this Series shall be dated and issued as of the date of its authentication by the Trustee and shall bear an Original Issue Date or Dates. Each Note or Global Note issued upon transfer, exchange or substitution of such Note or Global Note shall bear the Original Issue Date or Dates of such transferred, exchanged or substituted Note or Global Note, as the case may be.

At any time prior to September 15, 2029, the Company, at its option, may redeem this Global Note, in whole or from time to time in part, at a “make-whole” redemption price equal to the greater of: (i) 100% of the principal amount of this Global Note being redeemed or (ii) the sum of the present values of the remaining scheduled payments of principal and interest on this Global Note being redeemed that would be due if the Global Note matured on September 15, 2029 (not including any portion of such payments of interest accrued to the date fixed for redemption) discounted to the date fixed for redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 20 basis points, plus, in each case, accrued and unpaid interest thereon to the date fixed for redemption. At any time on or after September 15, 2029, the Company, at its option, may redeem this Global Note, in whole or from time to time in part, at a redemption price equal to 100% of the principal amount of this Global Note being redeemed, plus accrued and unpaid interest thereon to the date fixed for redemption.

“Treasury Rate” means, with respect to any date fixed for redemption (i) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated “H.15” or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded U.S. Treasury securities adjusted to constant maturity under the caption “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the Remaining Life (as defined below), yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (ii) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such date fixed for redemption. The Treasury Rate will be calculated on the third business day preceding the date fixed for redemption.

“Comparable Treasury Issue” means the U.S. Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term (“Remaining Life”) of the Notes of this Series (if the Notes of this Series matured on September 15, 2029) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the Remaining Life of the Notes of this Series, assuming, for this purpose, the Notes of this Series matured on September 15, 2029.

“Comparable Treasury Price” means (1) the average of five Reference Treasury Dealer Quotations for such date fixed for redemption, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such quotations.

“Independent Investment Banker” means J.P. Morgan Securities LLC, MUFG Securities Americas Inc., and U.S. Bancorp Investments, Inc. or another independent investment banking institution of national standing appointed by the Company.

“Primary Treasury Dealer” means a primary U.S. government securities dealer in the United States.

“Reference Treasury Dealer” means each of (1) J.P. Morgan Securities LLC, or its respective successors; provided, however, that if J.P. Morgan Securities LLC ceases to be a Primary Treasury Dealer, the Company will substitute therefor another Primary Treasury Dealer; (2) a Primary Treasury Dealer selected by each of MUFG Securities Americas Inc. and U.S. Bancorp Investments, Inc.; and (3) any other Primary Treasury Dealer selected by the Company after consultation with the Independent Investment Banker.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any date fixed for redemption, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 5:00 p.m., New York City time, on the third business day preceding such date fixed for redemption.

Notice of redemption will be given by mail or by electronic communication (including e-mail) to Holders of Notes of this Series not less than 30 or more than 60 days prior to the date fixed for redemption, all as provided in the Indenture. In the event of redemption of this Global Note in part only, a new Global Note or Notes of like tenor and series for the unredeemed interest hereof will be issued in the name of the Noteholder hereof upon the surrender hereof.

Interest payments for this Global Note shall be computed and paid on the basis of a 360-day year of twelve 30-day months. If any Interest Payment Date or date on which the principal of this Global Note is required to be paid is not a Business Day, then payment of principal, premium or interest need not be made on such date but may be made on the next succeeding Business Day with the same force and effect as if made on such Interest Payment Date or date on which the principal of this Global Note is required to be paid and, in the case of timely payment thereof, no interest shall accrue for the period from and after such Interest Payment Date or the date on which the principal of this Global Note is required to be paid.

The Company, at its option, and subject to the terms and conditions provided in the Indenture, will be discharged from any and all obligations in respect of the Notes (except for certain obligations including obligations to register the transfer or exchange of Notes, replace stolen, lost or mutilated Notes, maintain paying agencies and hold monies for payment in trust, all as set forth in the Indenture) if the Company deposits with the Trustee money, U.S. Government Obligations which through the payment of interest thereon and principal thereof in accordance with their terms will provide money, or a combination of money and U.S. Government Obligations, in any event in an amount sufficient, without reinvestment, to pay all the principal of and any premium and interest on the Notes on the dates such payments are due in accordance with the terms of the Notes.

If an Event of Default shall occur and be continuing, the principal of the Notes may be declared due and payable in the manner and with the effect provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modifications of the rights and obligations of the Company and the rights of the Noteholders under the Indenture at any time by the Company and the Trustee with the consent of the Holders of not less than a majority in principal amount of the outstanding Notes. Any such consent or waiver by the Holder of this Global Note shall be conclusive and binding upon such Holder and upon all future Holders of this Global Note and of any Note issued upon the registration of transfer hereof or in exchange therefor or in lieu thereof whether or not notation of such consent or waiver is made upon the Note.

As set forth in and subject to the provisions of the Indenture, no Holder of any Notes will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder unless such Holder shall have previously given to the Trustee written notice of a continuing Event of Default with respect to such Notes, the Holders of not less than a majority in principal amount of the outstanding Notes affected by such Event of Default shall have made written request and offered reasonable indemnity to the Trustee to institute such proceeding as Trustee and the Trustee shall have failed to institute such proceeding within 60 days; provided that such limitations do not apply to a suit instituted by the Holder hereof for the enforcement of payment of the principal of and any premium or interest on this Global Note on or after the respective due dates expressed here.

No reference herein to the Indenture and to provisions of this Global Note or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Global Note at the times, places and rates and the coin or currency prescribed in the Indenture.

As provided in the Indenture and subject to certain limitations therein set forth, this Global Note may be transferred only as permitted by the legend hereto.

If at any time the Depositary for this Global Note notifies the Company that it is unwilling or unable to continue as Depositary for this Global Note or if at any time the Depositary for this Global Note shall no longer be eligible or in good standing under the Securities Exchange Act of 1934, as amended, or other applicable statute or regulation, the Company shall appoint a successor Depositary with respect to this Global Note. If a successor Depositary for this Global Note is not appointed by the Company within 90 days after the Company receives such notice or becomes aware of such ineligibility, the Company's election to issue this Note in global form shall no longer be effective with respect to this Global Note and the Company will execute, and the Trustee, upon receipt of a Company Order for the authentication and delivery of individual Notes of this Series in exchange for this Global Note, will authenticate and deliver individual Notes of this Series of like tenor and terms in definitive form in an aggregate principal amount equal to the principal amount of this Global Note.

The Company may at any time and in its sole discretion determine that all Notes of this Series (but not less than all) issued or issuable in the form of one or more Global Notes shall no longer be represented by such Global Note or Notes. In such event, the Company shall execute, and the Trustee, upon receipt of a Company Order for the authentication and delivery of individual Notes of this Series in exchange for such Global Note, shall authenticate and deliver, individual Notes of this Series of like tenor and terms in definitive form in an aggregate principal amount equal to the principal amount of such Global Note or Notes in exchange for such Global Note or Notes.

Under certain circumstances specified in the Indenture, the Depositary may be required to surrender any two or more Global Notes which have identical terms (but which may have differing Original Issue Dates) to the Trustee, and the Company shall execute and the Trustee shall authenticate and deliver to, or at the direction of, the Depositary a Global Note in principal amount equal to the aggregate principal amount of, and with all terms identical to, the Global Notes surrendered thereto and that shall indicate all Original Issue Dates and the principal amount applicable to each such Original Issue Date.

The Indenture and the Notes shall be governed by, and construed in accordance with, the laws of the State of Oklahoma.

Unless the certificate of authentication hereon has been executed by the Trustee, directly or through an Authenticating Agent by manual signature of an authorized signatory, this Global Note shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

All terms used in this Global Note which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise indicated herein.
